

Join us for a Community Conversation!

Are you a person with a disability or a family member or caregiver of someone of any age with a disability? We want to hear from you!

The Center for Disabilities and Development, Iowa's University Center for Excellence on Disabilities (UCED) will be hosting community conversations across the state to collect information on the needs and concerns of the Iowa disability community. We will share this information with communities so that this information we gather may help individuals with disabilities across the state.

During our community conversations we will be focusing on 5 key topics: employment, health & wellness, transportation, housing, and education & lifelong learning. We are also interested in your additional emerging needs. Please join us to share those as well.

If you would like to attend please RSVP by phone or email to Jessica Gallegos so we know how many people to expect! She can be reached by phone at (319)384-5848 or email at jrgallegos@healthcare.uiowa.edu.
