### **About the Speaker:**

Dr. Lehnhoff has practiced Clinical Psychology since receiving his doctorate from the University of Nebraska's Clinical Psychology Ph.D Program in Lincoln. He has served as the Director of a community mental health center office, engaged in private practice, and was Clinical Director and Clinical Consultant at Omaha's Richard Young Center (now Lasting Hope Hospital) for 16 years.

Dr. Lehnhoff has served as adjunct faculty in the Clinical Psychology and Counseling Psychology doctoral programs at UNL, and is currently an Associate Clinical Professor of Psychiatry at Creighton University Medical School. He has provided many professional and community education trainings on numerous clinical topics. Dr. Lehnhoff has always worked with all ages of clients, and has supervised many practitioners and treatment teams during his years as a Clinical Director. Since 2003 he has served as a Clinical Psychologist Consultant for CHI Health Behavioral Services in Nebraska and Iowa.
