

Aging Everybody's Doing It!

2019 Human Services Advisory Council Member Training

Chances are you know or serve someone who is aging

You're invited to:

- Experience age-related sensory and functional decline
- Develop skills to support and interact with your aging client base
- Discover resources to support the aging population and their families

Founded over 40 years ago, the mission of the Human Services Advisory Council is to foster collaboration between human service agencies.
